

MYOB Accounting

Integrated business management

As the owner of a small business, you are probably spending more time looking after the accounts than you'd like to, or need to.

The solution is MYOB Accounting – the ideal complete accounting software solution for growing New Zealand businesses.

You don't need to be an accountant to use it. MYOB Accounting is a comprehensive accounting solution that is simple to use and in plain English format.

Single-click GST Returns	Preparing GST returns has never been so easy with single-click 'Prepare GST Return' button.
Keep Track of Customers	Invoices, statements and up-to-the-minute sales information
Wide range of electronic payment options	You can process a wide selection of payments electronically. There's also a 'Prepare Electronic Payment' feature that groups your payments into one account for easier bank reconciliation. Depositing funds is now quicker too, with the enhanced 'Prepare Bank Deposit' feature.
Customise Forms	Your invoices, statements, cheques and purchase orders look exactly the way you want them.
Keep Track of Inventory and Stock Levels	Automatic stock control keeps you right up to date. Multi-level pricing offers flexible and powerful selling options
Swap data easily with your accountant	Send data directly to your accountant (your accountant must be using MYOB Accountants Office)
Automated bank reconciliations	The Get Statement feature imports bank and credit card statements that you've downloaded from the Internet and marks all the matching transactions as cleared. Easy!
