

MYOB Payroll

Powerful payroll management

If your business has staff you are probably spending more time looking after the payroll than you'd like to, or need to. The solution is MYOB Payroll – the ideal complete payroll software solution for growing New Zealand businesses.

You don't need to be an accountant to use it. MYOB Payroll is a comprehensive solution that is simple to use and in plain English format.

MYOB Payroll is a fully featured, user-friendly Windows payroll program that is suitable for any size business, operating in either single or multi-user setups.

Add as many separate payrolls as you like and an unlimited number of employees, along with detailed costing analysis, earnings, allowances and deductions information. You can also create MTS files for direct crediting of wages.

The multi award-winning MYOB 'flowchart design' guides you at every step.

Suitable for any size business	Ideal for your business. MYOB Payroll caters for small, medium and large organisations up to hundreds of employees*
Simple entry of employee timesheets	Saves Time by simplifying the recording of employee times, producing payslips and making payments.
Relevant information at a glance	Eliminates headaches. Automatically produce details of payments to the IRD and balance the "wages book"
Fast and convenient filing of IRD forms using the Internet	Latest technologies mean you can file your monthly schedules to the IRD electronically
Multiple employee bank accounts	Direct credit wages to different bank accounts for the same employee.
MTS Schedules emailed	Send your direct credit schedules to your bank electronically
