## Business and time management

---

Do you need to keep track of your time for billing purposes? Do you want to be able to use the Internet to process payments and import bank statements? Does your business employ staff? Do you need stock control? If you've said yes to any of these questions then the answer is MYOB Accounting Plus.

You don't need to be an accountant to use it. MYOB Accounting Plus is simple to use and in plain English. The multi-award winning MYOB flow-chart design guides you at every step

Includes MYOB Payroll	Bundled with MYOB's top-of-the-line payroll management software – fully featured and easy-to-use.
Advanced stock control	Integrated stock control with detailed inventory analysis reports, pricing variables and up-to-the-minute information mean you can expect greater accountability of your valuable stock.
Single-click GST Returns	Preparing GST returns has never been so easy with single-click 'Prepare GST Return' button.
Wide range of electronic payment options	You can process a wide selection of payments electronically. There's also a Prepare Electronic Payment feature that groups your payments into one account for easier bank reconciliation.
Automated bank reconciliations	The Get Statement feature imports bank and credit card statements that you've downloaded from the Internet and marks all the matching transactions as cleared. Easy!
Easy invoice creation, combining time and inventory details	Create customised invoices that automatically update with time slip details, or present a standard activity description. Include inventory and add your own header and total lines.
